## Our Mission

Our mission is to provide a historically accurate educational experience of the trolley era, through the interpretation, preservation, restoration, and operation of an electric railway.

## Connecticut Company Car #3001

Connecticut Company Car 3001 is the Museum's most thorough restoration project. The car has been taken down to the frame, for the steel frame and siding to be renovated.

If you would like to contribute to the 3001 fund, please note your gift on this form, or visit the donation page on our website

## Volunteer Opportunities

Make an even greater impact with your support of the Connecticut Trolley Museum-- Become a member *and* a volunteer! Visit our website's volunteer page often for more opportunities throughout the year. If you'd like more information, fill out your interests below. Our volunteer coordinator will reach back out to you to fill you in.
